CHANNELING SOLAR POWER

**HELUKABEL®**

## ABOUT HELUKABEL

Helukabel was founded in 1978 and is one of the leading international manufacturers of cables and wires, with 57 locations in 36 countries around the world. Helukabel delivers cables, wires and accessories for a large number of industrial and commercial applications. In the early 90's they developed the first PV cables sold today under the SOLARFLEX® trademark, with worldwide approvals from TÜV and VDE (NEN-EN 50618).
